MESSAGE

I write these words with much שבח והודאה to ה' for having given me the opportunity to bring genuine Yiddish כלל ישראל toנגינה over the past four decades. I have been זוכה to produce Regesh music together with my dear friend, the legendary ראש ישיבה and composer, Rav Shmuel Brazil שליט"א.

Rav Shmuel was, and is, an innovator of music to this day and Regesh Productions offered it with authentic Yiddish טעם to a full generation of those seeking נגינים that bring one closer to ה'.

When the concept arose of collaborating with Avrumi Berko, Yisroel Lamm, and R' Chaim Yitzchok Goldman to produce a collection of Rav Shmuel's classics, we felt that it was an idea whose time had come.

With much סייעתא דשמיא, it is a זכות for me and my children to present a new generation with the old sound and feel of רגש, to continue to inspire and elevate all to קרבת אלוקים.

— ארי'ל בראזיל
