## THANK YOU

To all the original artists & composers  
for the opportunity to once again  
showcase your beautiful songs! To the  
wonderful choir boys, soloists and  
their families for all your hard work &  
dedication! To the incredibly talented  
arrangers, musicians and studio  
technicians for going far beyond the  
call of duty to ensure the release of a  
stellar product! And of course to the  
One Who orchestrates it all, we hope  
this beautiful collection of touching  
melodies will only serve as a tool to  
uplift, inspire and glorify Your Name.
